DETAILED ACTION

1. In response to the Office Action dated on 12/29/2009, applicants amend the application as follow:

Claims 1-10, 17 and 23 are amended.

Claims 11-16 and 18-22 are canceled.

Claim 25 is newly added.

Claims 1-10, 17, 23 and 25 are pending.

Response to Arguments

2. Applicant's arguments with respect to claims 1-7, 17, 23 and 25 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-7, 17, 23 and 25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 1 and 23 recites the system include means plus function. It is not clear if the applicant intention to invoke the 112 6th paragraph. If it is true, it is not clear which embodiment of the specification use to disclose the claims 1 and 23.

Allowable Subject Matter

4. Claims 1-7, 17, 23 and 25 are will be allowed when applicant overcome the 112 rejection.

Claims 8-10 are allowed over the prior art made of recorded.

The following is an examiner's statement of reasons for allowance:

As to claim 1, examiner agrees with the argument that "Matsuzaki does not disclose the aggregate output control means as specifically recited in claim 1..."

Claim 8-10 and 23 includes features corresponding to those discussed as in claim 1, therefore, claims 8-10 and 23 are allowed.

Dependent claims 2-7, 17 and 25 are depended on claim 1; therefore, claims 2-7, 17 and 25 are allowed under the same reason as to claims 1, 8-10 and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
